

DISCIPLESHIP TEMPLATE 1

• Collaboration 1

- We recommend you watch the video and collaborate using our simple guides as part of a discipler/disciples relationship or in a group setting.
- **What are you doing?**
 - List what you are doing to advance the Kingdom of God - your 'primary mission'.
 - List the places or people you are impacting in your primary mission.
 - List any ideas you have on expanding where you are serving or who you are reaching.
 - If you are not doing anything right now, offer to serve a respected leader and then over time try to notice what feedback and fruit you results from your service.
- **How are you doing it?**
 - List what gifting or talent you are using to do it.
 - Ask your collaborator for feedback on this.
- **Who can you take with you?**
 - Don't decide in advance but be open
 - 1 - Make a list of people you could approach who you believe could do what you do.
 - 2 - Make a list of ways you could let people know you are available to disciple them.
