SPARK A MOVEMENT!

WE PARTNER WITH CHURCHES AND INVITE YOU TO HELP **PIONEER** PAIS IN A NEW NATION.

Together we will **spark** a movement that will equip a generation of teenagers to live life on mission!

REACH	**Students in schools through mentoring and outreach.**
DEVELOP	**Leaders who advance the mission and multiply it.**
CREATE	**Lasting impact that shapes lives and communities .**

pais®

Why this matters.

01 **Strategic Missions Investment**
You're not just funding a project you're igniting a disciple-making movement that equips national leaders, embeds teams in schools, and builds church engagement nationwide.

02 **Gospel Access Where It's Most Needed**
Your support reaches unreached young people, especially in nations where few resources exist for student discipleship or Christian mentoring in schools.

03 **Long-Term, Scalable Model**
Our process trains leaders to take charge of their national movement. It builds ownership rather than dependency, ensuring your investment continues to bear fruit long after the launch phase.

What your church can expect from us.

When you partner with us, we commit to providing:

Clear Communication

- Quarterly updates with stories, impact reports, and team progress.
- Personal contact from a Pais national leader or regional director.
- Annual video report designed for your church to show on a Sunday or missions night.

Guided Exposure Trips

- We offer guided visits for pastors or small groups to explore the nation they're helping pioneer.
- These trips include time with local Pais teams, school visits, and meetings with church leaders.
- You'll see the impact up close, understand the culture, and pray strategically for the movement you're helping shape.

Missional Tools for Your Church

- Access to the same discipleship tools and training content we use globally.
- Optional group coaching calls with our global or national teams.
- Opportunities for your leaders or young adults to take part in short-term training or internships.

Recognition and Influence

- Your church will be recognized as a founding partner in that nation's Pais history.
- You'll be offered a non-legal seat on the national advisory board to speak into the direction, needs, and future vision of the work.
- You'll gain opportunities to connect with key leaders and shape the movement's impact locally and globally.

How your church can engage.

01 **Financial Support:** Help fund the launch phase of a specific nation covering the recruitment and training of the first national leader, content translation, legal setup, and placement of the first 1–3 teams.

02 **Prayer and Encouragement:** Pray regularly for the nation, its young people, and the Pais leaders on the ground. We'll provide regular prayer updates, key challenges, and opportunities for breakthrough.

03 **Promote and Champion the Vision:** Help your church "adopt a nation" by raising awareness, showing reports, and connecting your congregation to the mission you're helping lead.

04 **Visit the Nation:** Take a team or pastoral visit to the country you support. These guided visits are optional but incredibly valuable for vision, encouragement, and long-term connection.

05 **Serve on the Advisory Board:** Join an informal, non-legal advisory board to encourage national leaders, offer input, and stay closely informed about the work your church is invested in.

What your church will gain.

By partnering with Pais, your church will:

- Help launch a multiplying movement of discipleship in a new nation.
- Influence a new generation of young people in schools and churches.
- Play a strategic role in long-term, sustainable missions.
- Receive ongoing updates, involvement, and access not just reports.

This isn't charity. It's partnership. You're not just sending a team; you're helping **ignite a movement**.

Let’s talk about what nation aligns with your mission and what the first steps could be!

Next steps.
